EDUCATION

Bowling Green, Ohio   Bowling Green State University   Expected Graduation: August 2020

- Bachelor of Science in Computer Science

Undergraduate Courses

- Web Application Development; Internship Preparation; Operating Systems; Programming Languages; Design and Analysis of Algorithms; Data Structures; Introduction to Software Engineering; Python for Computational and Data Science; Artificial Intelligence Methods and Object-Oriented Programming.

TECHNICAL EXPERIENCE/PROJECTS

- **Personal Website** (2019). I built my own personal website using Amazon Web Services (AWS). The website updates whenever there is a change to the GitHub repository. My website was created by using HTML, CSS, JavaScript.
- **Movie Database with React** (2020). I built a Movie Database project with React. It would take in data from a Movie API and populate the information that I assigned: like title, description, poster, header and release date. The project is available on my GitHub page.
- **Interactive Product Page** (2019). I built an interactive product page for a smartphone. It used HTML, CSS and JavaScript. The project is available on my GitHub page.

LANGUAGES AND TECHNOLOGIES

- **Most Experience:** C++, HTML5, CSS, JavaScript, Python.
- **Some Experience:** React, jQuery, JSON, PHP, TypeScript, SQL, MySQL.
- **Tools:** Visual Studio Code, AWS, Git, GitHub, Xcode, NPM/Yarn.

EMPLOYMENT

Web Developer Intern   BGSU   2020-2020

- Helped develop an internal election website for professors to use for department positions.
- This project mainly consisted of PHP, HTML, CSS and MySQL.
- This project was handed to me with 1/9 working pages. When my internship was done 6/9 pages were working.

Frozen/Dairy Associate   Walmart   2017-2018

- Stocked the entire Diary and Frozen isles.
- Received goods from trucks.
- Helped customers find the goods that they were looking for.

IT Intern   Trend Consulting Services   2015-2015

- Imaged computers with various software.
- Went to various locations for software and hardware support.
- Moved employee files to different locations through active directory.
